Presidents December 2011 Newsletter

Holiday Greetings to my fellow Lions. As I look out the window the season has gone from fall to winter. I just cannot figure out how the season of winter seems to be much longer than all the other seasons.

This is an exciting part of the season starting with Thanksgiving. Thanksgiving is the day of gathering of friends and family to celebrate what we are thankful for. I have many things that I am thankful for. I give thanks for my family, friends, faith and my fellow Lions.

The holidays are for giving and the Lakeville Lions started the season with Thanks Giving day baskets to those families in need of a helping hand. The baskets were distributed November 17th and 18th with the help of nine members of the Lakeville lions. Thank you Lions.

With the passing of Thanksgiving we enter into a busy time of the season for everyone. The Lakeville Lions have a full calendar. The Lions Christmas party on December 12th, Board Meeting and blood drive on December 15th, bell ringing for the Salvation Army on December 3rd and the Santa calls to the children of Lakeville. And of course Christmas Eve and Christmas Day.

To all my fellow Lions and families I wish to you good health, happiness and God's blessing.

Lion President John Buehler
